Dear Valued Customers,

We would firstly like to thank you for your continued support of Andair Ltd.

Unfortunately, the global situation continues to drastically increase costs with the price of energy, raw materials such as metals, internal transport costs and wages increasing with no signs of easing.

Although we have made every effort to absorb as many of these additional costs as possible, we are left with little option but to increase our prices.

We always strive to maintain consistent, clear communication with all our customers so we wanted to inform you that from 11<sup>th</sup> July 2022 there will be a small increase on all our products of 12.5%.

Rest assured that we are clearly monitoring the situation and thank you for your ongoing loyalty during these most difficult times. If you have any further questions, please do not hesitate to contact us.

Yours faithfully

Owen Phillips  
Managing Director
